**Every 8 minutes someone turns to the Red Cross**

*"March is Red Cross Month and a time when support for our communities' emergency needs is greatest. Turn compassion into action this month and make a gift to support the lifesaving work of the American Red Cross. Your gift becomes the blankets wrapped around a family after a house fire, the blood that goes into the body of another person, the CPR skills that are taught to safeguard our community. Help us help others by supporting the Red Cross."*
